## Financial statements for the period 21 November 2016 to 31 March 2018

These financial statements for RemoteDX Inc's inaugural reporting period have been prepared in the standard manner. They cover a period of 16 months.

RDX holds all assets as recorded. Depreciation at the rate of 20% per annum has been applied, with a pro rata rate on recent acquisitions. Assets are recorded at acquisition value, and are principally the result of Quartz Hill User Group members resolving to transfer that project's assets to RemoteDX Inc when QHUG was dissolved in late 2016. The group has no money on term deposit.

The accounts show a net loss of \$2760. The threshold for paying Resident Withholding Tax has not been breached, so no tax is payable.

## Auditor's report accompanying the club accounts

I have verified the financial records and statements of RemoteDX Inc and have obtained the necessary detailed information of transactions undertaken during the period under review.

In my opinion the RDX financial statements fairly reflect the financial position of the club as at 31 March 2018 and the financial operation for the 16-month period ending on that date.

I further certify that while I am a member of RemoteDX Inc, I am not a member of the committee and am therefore not disqualified from acting as honorary auditor for the club, as provided for in the club's Constitution (10, b, 1)
